INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners of Los Altos Hills County Fire District Los Altos, California

We have audited the accompanying financial statements of the governmental activities and major fund of Los Altos Hills County Fire District (the "District"), a component unit of the County of Santa Clara, as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *State Controller's Minimum Audit Requirements for California Special Districts*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of Los Altos Hills County Fire District, as of June 30, 2011, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated August 15, 2011, on our consideration of Los Altos Hills County Fire District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 9 and page 32 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis (Required Supplementary Information)

Management's Discussion and Analysis Year Ended June 30, 2011

This section of the Los Altos Hills County Fire District (the "District") annual financial report presents a discussion and analysis of the District's financial performance for the fiscal year ended June 30, 2011. The District's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosure following this section.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded liabilities by \$19,732,255 (net assets) for the fiscal year reported. Of this amount, \$15,643,258 (unrestricted net assets) may be used to meet ongoing obligations to citizens and creditors, \$2,488,997 is invested in capital assets.
- The District's total net assets decreased by \$1,090,753 during the fiscal year mainly because of decreased revenue in property taxes and investment income.
- As of June 30, 2011, the District's governmental funds reported an ending fund balances of \$16,685,368. Approximately 24% of this total amount, \$4,085,368 is unassigned fund balance available for spending at the District's discretion; and \$11,000,000 (66%) was committed for insurance, equipment, emergency operations, building and maintenance, and water mains and fire hydrants.
- At the end of the fiscal year, unassigned fund balance for the general fund was \$4,085,368 or 50% of total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: (1) **Government-wide** financial statements, (2) **Fund** financial statements, and (3) **Notes** to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether or not the financial position of the District is improving or deteriorating.

Management's Discussion and Analysis Year Ended June 30, 2011

The *statement of activities* presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes or expenses pertaining to earned but unused vacation and sick leave.

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The only governmental activity of the District is public protection – fire district. The District does not have any business-type activities.

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts which are used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The one fund of the District can be categorized as a governmental fund.

Governmental fund is used to account for essentially the same functions reported as governmental activities in the government-wide financial statements—i.e. the District's basic services are reported in governmental fund. These statements, however, focus on (1) how cash and other financial assets can readily be converted to available resources and (2) the balances left at year-end that are available for spending. Such information may be useful in determining what financial resources are available in the near future to finance the District's programs.

Because the focus of the governmental fund is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental fund with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance provide a reconciliation to facilitate this comparison between the governmental fund and governmental activities.

The District maintains only one individual governmental fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the general fund, which is considered to be a major fund.

The District does not have any proprietary and fiduciary funds.

Management's Discussion and Analysis Year Ended June 30, 2011

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

The required supplementary information is presented concerning the District's General Fund budgetary comparison schedule. The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$19,732,255 at the close of the most recent fiscal year.

Net Assets

| | Governmental Activities | | |
|-------------------------------|-------------------------|----------------------|--------------|
| | <u>2011</u> | <u>2010</u> | Variance (%) |
| Assets: | | | |
| Current assets | \$15,497,114 | \$15,794,493 | (2) |
| Other assets | 2,157,890 | 2,557,890 | (16) |
| Capital assets | 2,488,997 | 2,496,841 | - |
| Total assets | 20,144,001 | 20,849,224 | (3) |
| Liabilities: | | | |
| Current and other liabilities | 411,746 | 26,216 | (1,471) |
| Total liabilities | 411,746 | 26,216 | (1,471) |
| Net assets: | | | |
| Invested in capital assets | 2,488,997 | 2,496,841 | - |
| Unrestricted net assets | 17,243,258 | 16,326,167 | (6) |
| Total net assets | \$ <u>19,732,255</u> | \$ <u>20,823,008</u> | (5) |

Management's Discussion and Analysis Year Ended June 30, 2011

Analysis of Net Assets

The largest portion of the District's net assets (87%) reflects amounts not restricted for any project or any other purpose. The other 13% of net assets represent its investment in capital assets (e.g. land, improvements, fire hydrants, furniture and equipment). The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. At the close of the most recent fiscal year, there were no debt outstanding related to acquisition of capital assets.

At the end of the current fiscal year, the District reported positive balances in both categories of net assets.

The District's net assets decreased by \$1,090,753 during the current fiscal year, as compared to the \$1,679,487 decrease in 2010. Revenues from property taxes decreased by \$63,544, and interest and investment income decreased by \$67,832 in 2011. Total expenses decreased by \$857,165.

Governmental Activities. Governmental activities decreased the District's net assets by \$1,090,753, thereby accounting for 100% of the total decline in net assets of the District.

The following table indicates the changes in net assets for governmental activities:

Changes in Net Assets

| | Governmental Activities | | |
|--------------------------------|-------------------------|----------------------|--------------|
| | <u>2011</u> | <u>2010</u> | Variance (%) |
| Revenues: | | | |
| General revenues: | | | |
| Property taxes | \$ 6,924,507 | \$ 6,988,051 | (1) |
| Intergovernmental: State | 47,860 | 47,308 | 1 |
| Interest and investment income | 126,829 | 194,661 | (35) |
| Property rental | 16,500 | 17,100 | (4) |
| Other revenue | 133 | <u>137,140</u> | (100) |
| Total revenues | 7,115,829 | 7,384,260 | (4) |
| Expenses: | | | |
| Public protection | 8,206,582 | 9,063,747 | (9) |
| Change in net assets | (1,090,753) | (1,679,487) | 35 |
| Net assets, beginning of year | 20,823,008 | 22,502,495 | |
| Net assets, end of year | \$ <u>19,732,255</u> | \$ <u>20,823,008</u> | (5) |

Management's Discussion and Analysis Year Ended June 30, 2011

Analysis of Changes in Net Assets

Key elements of the decrease of \$1,090,753 are as follows:

- Interest and investment income decreased by \$67,832 or 35% mainly due to average yield rates.
- Public protection expenses decreased by \$857,165 or 9% due to the following reasons:
 - 1. Reduced expenditures on hydrant and water line installation, repairs and maintenance.
 - 2. Reduced Extra Summer staffing needs due to lower fire danger.
 - 3. Timing of expense on Fire Prevention and Emergency Prep programs.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Fund

The general government functions are contained in the General Fund. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balance of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2011, the District's governmental fund reported an ending fund balance of \$16,685,368, a decrease of \$1,082,909 in comparison with the prior year. Approximately 24% of the ending fund balance, \$4,085,368, constitutes unassigned fund balance, which is available to meet the District's current and future needs. The remainder of the fund balance is nonspendable, or has been committed for various purposes.

Revenues for governmental functions totaled \$7,115,829 in fiscal year 2010-2011, which represents a increase of 4% from fiscal year ended 2009-2010. Expenditures for governmental functions, totaling \$8,198,738, decreased by approximately 9% from the fiscal year 2009-2010. In the fiscal year 2010-2011, expenses for governmental functions exceeded revenues by \$1,082,909.

Management's Discussion and Analysis **Year Ended June 30, 2011**

The following table presents the amount of revenues from various sources as well as increases or decreases from the prior year.

Revenues Classified by Source Governmental Fund

| | <u>FY 20</u> | 11 | FY 20 | 10 | | Increase/ |
|--|---|------------------|--|------------------------|---|--|
| Revenues by Source | Amount | % of Total | Amount | % of <u>Total</u> | Amount | (<u>Decrease</u>) % of <u>Change</u> |
| Property taxes Intergovernmental: State Interest and investment income Property rental Other revenue | \$6,924,507 47,860 126,829 16,500 133 | 97 1 2 | \$6,430,161 47,308 194,661 17,100 _137,140 | 94 1 3 0 2 | \$494,346 552 (67,832) (600) (137,007) | 8 1 (35) (4) (<u>100</u>) |
| Total | \$ <u>7,115,829</u> | <u>100</u> | \$ <u>6,826,370</u> | <u>100</u> | \$ <u>289,459</u> | 4 |

Property taxes, the main District revenue, increased by about 8%; interest and investment income decreased by 35% due to lower cash balance and lower return on investments.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year, actual revenues were less than budgetary estimates by \$723,171. Interest and investment income and other revenues reflected negative variances of \$373,171 and \$419,867 respectively. Expenditures in services & supplies was less than budgetary estimates by \$1,383,029. The capital outlay also posted a favorable variance of \$1,854,714.

CAPITAL ASSETS

The District's investment in capital assets for its governmental activities as of June 30, 2011, amounted to \$2,488,997 (net of accumulated depreciation). This investment in capital assets includes land, improvements, fire hydrants, furniture and equipment.

For government-wide financial statement presentation, all depreciable capital assets except infrastructure using the modified approach were depreciated from acquisition date to the end of the current fiscal year. Fund financial statements record capital asset purchases as expenditures.

Management's Discussion and Analysis Year Ended June 30, 2011

Capital assets for the governmental activities are presented below to illustrate changes from the prior year:

| | | | Increase/ |
|--------------------------------|--------------------|---------------|---------------|
| | Government | al activities | (Decrease) |
| | | | % of |
| | <u>2011</u> | <u>2010</u> | <u>Change</u> |
| | | | |
| Land | \$ 4,688 | \$ 4,688 | - |
| Improvements | 2,552,838 | 2,552,838 | - |
| Fire hydrants | 867,127 | 802,127 | 8 |
| Furniture and equipment | 49,917 | 102,812 | (51) |
| Less: Accumulated depreciation | (<u>985,573</u>) | (965,624) | 2 |
| Total | \$2,488,997 | \$2,496,841 | _ |

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Over the last few years, the District's expenditures have been for the overall goal of reducing fire exposure throughout its jurisdiction. This is done by reducing the fuel load and expanding the water supply for fire suppression through extension of the network of larger water mains and the installation of additional hydrants. For the Purrissima Hills Water District and California Water Project, almost \$1,038,061 has been spent for the period 2010-2011, while \$2,050,000 has been estimated for 2011-2012.

The fund balance commitments for insurance and emergency operations totaling \$4,000,000 would cover some of the expenses that would result from a catastrophic wild land fire. The \$3,000,000 building and maintenance commitment would be used to finance a second fire station. The District has additional commitments of \$3,000,000, for water mains and hydrants, and \$1,000,000 for equipment.

As for future funding and increased services, it is projected that tax revenues will continue to rise as a result of replacement of older ranch homes with larger structures. Revenues have been budgeted at \$7,605,000 for 2011-2012.

All of these factors were considered in preparing the District's budget for fiscal year 2012.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Los Altos Hills County Fire District, P.O. Box 1766, Los Altos, CA 94023-1766.

Notes to the Basic Financial Statements Year Ended June 30, 2011

NOTE 1. GENERAL INFORMATION

A. Organization

The Los Altos Hills County Fire District (the "District") was organized on October 23, 1939 and operates in conformity with the provisions of Part 2.7 of Division 12 of the Health and Safety Code. The District is composed of the Town of Los Altos Hills and the unincorporated areas generally referred to as the Loyola, Los Trancos / Alpine Road and San Antonio Hills. The District comprises an area of about 12.03 square miles.

The District has augmented fire protection to its residents in the past by purchasing the following:

- 1. Weather station for use by the Santa Clara County Central Fire Protection District ("Central Fire District") for monitoring weather during high fire hazard days
- 2. Specialized fire apparatus for use in the high hazard brush and grass fire areas
- 3. New rescue apparatus unit for Central Fire District prior to its life expectancy expiration
- 4. Specialized rescue tools
- 5. State-of-the-art fire hydrant and water main testing equipment
- 6. Specialized medical equipment
- 7. Two CERT Trailers (CFPD has the titles) and 1 ARK Storage Container.

The District also conducts the following programs for its residents:

- 1. Replacement of undersized water mains and installation of new water mains and fire hydrants as needed. Additional funds are budgeted for its continuation.
- 2. A brush chipping program is offered free of charge twice a year to all residents living in the District.
- 3. Additional staffing (firefighters) during summer fire season.
- 4. A garden debris drop-off program is funded by the District and operated by the garbage company. This allows residents to drop-off garden debris and other combustible plant materials once a month at a central drop-off area free of charge.
- 5. Funding of a fuel reduction/fire break program at the Byrne Preserve through the use of goats.
- 6. The annual mailing of fire prevention and emergency preparedness information to all District residents.
- 7. An emergency preparedness coordinator at a half time position.
- 8. Removal of dead pine trees.
- 9. Eucalyptus Tree Pruning Program to reduce fire hazard.

Notes to the Basic Financial Statements <u>Year Ended June 30, 2011</u>

NOTE 1. GENERAL INFORMATION - Continued

B. District Officials

The District is governed by a seven member Board of Commissioners (the "Commission"), appointed by the County of Santa Clara (the "County") Board of Supervisors for four-year terms, pursuant to the provisions of the Health and Safety Code Section 13884. Appointments to the Commission are made to provide for equal representation on the basis of population, as between residents of incorporated and unincorporated territories, respectively. The Commissioner must be a resident of the District. Commissioners are subject to removal for cause. The County Board of Supervisors delegates all of its powers to the Commission to manage the affairs of the District; provided, however, that the Commission shall not initiate litigation without the prior approval of the Board of Supervisors.

The District is considered a component unit of the County and the District's financial statements are blended into the County's financial statements. The Commission is composed of the following as of June 30, 2011:

| | Term Expires Dec. 31 |
|---------------------------------|----------------------|
| David Bergman, President | 2012 |
| Bob Johnson, Vice-President | 2011 |
| Owen Halliday, Finance Chairman | 2012 |
| Jitze Couperus | 2012 |
| Berin Fank | 2014 |
| Duffy Price | 2012 |
| Robert Stutz | 2013 |

C. Accounts and Records

The basic financial records are maintained in the office of the County's Auditor-Controller. The District maintains supporting vouchers and other records. Minutes were recorded and contained approvals for disbursements.

Notes to the Basic Financial Statements <u>Year Ended June 30, 2011</u>

NOTE 1. GENERAL INFORMATION - Continued

D. Budgetary Procedures

The District is required by state law to adopt a budget for the General Fund. The budget is prepared on the modified accrual basis of accounting, which is consistent with generally accepted accounting principles.

The annual budget is prepared, adopted and then submitted by the Commission to the County Board of Supervisors for final approval. Once the budget is approved, it can be amended at the Function and Fund level only by the approval of a majority of the Commission. Such amendments are presented to the Board at their regular meetings. All amendments are made before the fact and are reflected in the official minutes of the Board. Finally, all amendments are subsequently submitted to the County Board of Supervisors. Individual amendments noted were not material in relation to the original appropriations. All budget appropriations lapse at year-end. Encumbrance accounting is not used.

E. Appropriations Limit

The County Board of Supervisors computes the appropriations limit for special districts that are governed by them. The County's auditors review these annual calculations.

NOTE 2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The District also applies Financial Accounting Standards board (FASB) Statements and interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The most significant of the District's accounting policies are described bellow.

Notes to the Basic Financial Statements Year Ended June 30, 2011

NOTE 2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> - Continued

A. Basis of Presentation

Government-wide Financial Statements

The statement of net assets and statement of activities display information about the District. These statements include the financial activities of the overall government, except for fiduciary activities. The District does not have fiduciary activities. Eliminations would have been made to minimize the double counting of internal service fund activities but the District has no internal service fund activities. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues would include charges paid by the recipients of goods or services offered by the programs. Revenues that are not classified as program revenues, including all kinds of taxes, are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the District.

Fund Financial Statements

Fund financial statements are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. There are separate statements for each fund category. The emphasis of fund financial statements is on major governmental and enterprise funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service fund is presented in a single column in the proprietary fund financial statements. The District has only one fund, the General fund.

Notes to the Basic Financial Statements <u>Year Ended June 30, 2011</u>

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Governmental Fund

The District reports one major governmental fund:

• The General Fund is the general operating fund of the District and is always classified as a major fund. It is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the District that are not required to be accounted for through other funds. For the District, the General Fund's primary activity is public protection.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. The District has no proprietary funds.

B. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

The government-wide, proprietary, and fiduciary fund financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds. The District has no proprietary nor fiduciary funds.

The accounting objectives of the economic resources measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Fund equity is classified as net assets.

Notes to the Basic Financial Statements Year Ended June 30, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

The governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting.

In the current financial resources measurement focus, only current financial assets and liabilities are generally included on the balance sheets. The operating statements present sources and uses of available spendable financial resources during a given period. The fund balance is used as the measure of available spendable financial resources at the end of the period.

Under the modified accrual basis of accounting, revenues are recognized when measurable and available. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. Expenditures (including capital outlay) are recorded when the related liability is incurred, except for debt service expenditures (principal and interest), as well as expenditures related to compensated absences which are reported when due.

C. Property Tax Levy, Collection, and Maximum Rate

The State's Constitution, Article XIII A provides that the combined maximum property tax rate on any given property may not exceed 1% of its assessed value unless an additional amount for general obligation debt has been approved by the voters. Assessed value is calculated at 100% of market value as defined by Article XIII A and may be increased by no more than 2% per year unless the property is sold or transferred. These general property tax rates do not apply to taxes levied to pay the interest and redemption charges on any indebtedness incurred prior to June 6, 1978, or subsequently approved by the voters. Supplemental property taxes are levied on a pro rate basis when changes in assessed valuation occur due to sales transactions or the completion of construction. The State Legislature has determined the method of distribution among the counties, cities, school, districts, and other districts of receipts from the 1% property tax levy.

Notes to the Basic Financial Statements Year Ended June 30, 2011

NOTE 2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> - Continued

The County assesses properties, bills for, and collects property taxes as follows:

| | Secured | Unsecured |
|------------------|----------------------------|-------------------------|
| Lien dates | January 1 | January 1 |
| Levy dates | October 1 | July 1 |
| Due dates | 50% on November 1 | Upon receipt of billing |
| | 50% on February 1 | |
| Delinquent after | December 10 (for November) | August 31 |
| | April 10 (for February) | - |

These taxes are secured by liens on the property being taxed. The Board of Supervisors annually sets the rates of the County and district taxes, and levies State, County, and district taxes as provided by law. The term "secured" refers to taxes on land and buildings, while "unsecured" refers to taxes on personal property other than land and buildings.

The County bills and collects property taxes and remits them to the District under the State authorized method of apportioning taxes whereby all local agencies, including special districts, receive from the County their respective shares of the amounts of ad valorem taxes collected.

In 1981, the District passed an ordinance to impose a special tax pursuant to the provisions of the California Government Code Section 53978 on real property within the District for fire protection and related services. The District has not imposed this tax since 1986. The maximum annual special tax assessment that a parcel can be charged is as follows:

Unimproved Parcels - \$15 per 5 acres or fraction thereof, with a maximum of \$60. Improved Residential Parcels - \$50. Improved Commercial Parcels - \$75.

D. Capital Assets

In the government-wide financial statements, capital assets (fixed assets) are those purchase or acquired with an original cost of \$5,000 or more and are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair market value on the date of donation.

Notes to the Basic Financial Statements <u>Year Ended June 30, 2011</u>

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation expense is provided over the assets' estimated useful lives using the straight-line method of depreciation. The estimated useful lives by type of asset are as follows:

Improvements50 yearsFire hydrants50 yearsFurniture & equipment3 to 5 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Upon sale of capital assets, the proceeds from sale of capital assets is included in the results of operations as other financing sources.

E. Equity Classifications

In government-wide and proprietary fund financial statements, equity is classified as net assets and divided into three components:

- Investment In Capital Assets, Net of Related Debt This category groups all capital assets into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- Restricted Net Assets This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Assets This category represents net assets of the District, not restricted for any project or other purpose.

Notes to the Basic Financial Statements <u>Year Ended June 30, 2011</u>

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Governmental funds report fund balances in classifications based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. Fund balance for governmental funds can consist of the following:

- Nonspendable Fund Balance includes amounts that are (a) not in spendable form—such as inventory, prepaid amounts or long-term notes receivable, or (b) legally or contractually required to be maintained intact—such as a trust that must be retained in perpetuity. The "not in spendable form" criterion includes items that are expected to be converted to cash.
- Restricted Fund Balance constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation. Restriction may effectively be changed or lifted only with the consent of resource providers.
- Committed Fund Balance amounts that can be used only be used for the specific purposes determined by a formal action of the District's highest level of decision-making authority, the Board. Commitments may be changed or lifted by the District taking the same formal action that imposed the constraint originally.
- Assigned Fund Balance comprises amounts intended to be used by the District for specific purposes that are neither restricted nor committed. Intent is expressed by (a) the District's Board or (b) a body (e.g., a budget or finance committee) or official to which the District's Board has delegated the authority to assign, modify, rescind amounts to be used for specific purposes. With the exception of the General Fund, this is the residual fund balance classification for all governmental funds with positive balances.
- Unassigned Fund Balance the residual classification for the General Fund. It is also used to report negative fund balance in other governmental funds.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

Notes to the Basic Financial Statements Year Ended June 30, 2011

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

F. Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Subsequent Events

Management had evaluated the subsequent events through August 15, 2011.

NOTE 3. <u>CASH AND INVESTMENTS</u>

Cash balances for the District's fund is pooled and invested by the County's Treasurer in the pooled cash investment program ("Pool") for the purpose of increasing earnings through investment activities. The County's commingled pool consist of cash in bank, U.S. government and agency securities, corporate bonds, negotiable certificates of deposit, commercial paper, securities lending collateral, and deposits in the state's Local Agency Investment Fund. The County's pooled deposits and investments are regulated by California Government Code and by a County investment policy approved annually by the County Treasury Oversight Committee and the Board. The pooled investments' fair value is based on quoted market prices. The County allocates interest to the District based on the District's average daily cash balance relative to the entire Pool. The value of the participants' pool shares that may be withdrawn is determined on an amortized basis, which is different than the fair value of the participants' positions in the pool. In addition, the County's investment pool is not rated by any of the credit rating agencies. Additional information regarding the County's investment policy and cash and investments, including interest rate risk, credit risk, custodial credit risk categories, securities lending transactions, and maturities of the different categories of investments, can be found in the County's notes to the basic financial statements.

Cash and investments at June 30, 2011 consist of the following:

| | Carrying <u>Amount</u> | Fair Value |
|--|---------------------------|---------------------|
| Cash and investments in County Treasury common pool: General Fund Petty cash | \$15,462,689 500 | \$15,481,861 500 |
| Total cash and investments | \$ <u>15,463,189</u> | \$15,482,361 |

Notes to the Basic Financial Statements <u>Year Ended June 30, 2011</u>

NOTE 3. CASH AND INVESTMENTS - Continued

Governmental Accounting Standards Board, Statement No. 31, "Accounting and Financial Reporting for Certain Investment and for External Investment Pools" establishes accounting and financial reporting standards for all investments held by governmental external investment pools. The statement requires governmental entities to report investments at fair value.

Based on the County's calculations, the application of GASB, Statement No. 31, would have increased the District's cash balance by \$19,172. However, since the effect of the application of GASB 31, in this instance, is not material, the District's cash and investments account is stated at cost.

The Pool's securities lending transactions/activities were also allocated to the District by the County but are not reflected in the accompanying financial statements. The allocated amount for securities lending collateral (other current asset) and SLC – due borrowers (other current liability) is \$402,343.

NOTE 4. <u>CAPITAL ASSETS</u>

The capital asset activity for the year ended June 30, 2011 is as follows:

| | Balance <u>6/30/10</u> | Additions | <u>Deletions</u> | Balance <u>6/30/11</u> | |
|---------------------------|------------------------|-------------------|-------------------|------------------------|--|
| Land | \$ 4,688 | \$ | \$ | \$ 4,688 | |
| Improvements | 2,552,838 | - , | | 2,552,838 | |
| Fire hydrants | 802,127 | 65,000 | | 867,127 | |
| Furniture & equipment | _102,812 | 3,634 | <u>56,529</u> | 49,917 | |
| Total cost | 3,462,465 | 68,634 | 56,529 | 3,474,570 | |
| Accumulated depreciation | (<u>965,624</u>) | (<u>76,478</u>) | (<u>56,529</u>) | (985,573) | |
| Total Capital Assets, Net | \$ <u>2,496,841</u> | (\$_7,844) | \$ | \$2,488,99 <u>7</u> | |

Capital project expenditures for the year ended June 30, 2011 amounted to \$1,045,286, which represent construction costs for the water mainline donated to Purissima Hills Water District and the California Water Service Company and was not included as part of capital assets. For the year ended June 30, 2011, depreciation expense charged to public protection under governmental activities was \$76,478.

Notes to the Basic Financial Statements Year Ended June 30, 2011

NOTE 5. LEASE - FOOTHILL COMMUNITY COLLEGE

The District leases the land for the newly constructed fire station situated on the Foothill Community College Campus, under the terms of a 99-year lease at a rental of \$1 per year (prepaid).

NOTE 6. <u>CONTRACT FIRE PROTECTION SERVICES</u>

A. Santa Clara County Central Fire Protection District ("Central Fire District")

On December 17, 1996, an agreement was reached between the City of Los Altos (the "CITY"), the District, and the Central Fire District, for Central Fire District to render fire protection and other services to all of the areas included within the territorial limits of the District.

Term: The term of the agreement is for ten years from January 1, 1997 (although the effective date of commencement of services was 12:01 a.m. on December 30, 1996). The agreement provides for the automatic renewal for an additional ten-year period unless the CITY, the District, or Central Fire District provides written notice of non-renewal to the other parties at least 180 days prior to the expiration date of this agreement. As of March 2006 the District renewed the contract with Central Fire District under a new amendment for an additional ten year period.

Real Property and Equipment: The Central Fire District is authorized to occupy and use the CITY's and the District's real property at no cost, and is responsible for maintaining and repairing the property to a maximum of \$25,000 per year per station. Maintenance and repairs exceeding the \$25,000 annual limit will usually require prior written consent from all parties. The CITY and District shall remain responsible for the maintenance, repairs and/or replacement of fuel tanks at their respective stations. Title to any improvements and fixtures shall vest in the CITY and the District. In the event of termination of this agreement, Central Fire District will be reimbursed for any mutually agreed upon improvements, less straight-line depreciation over ten years of the purchase price, less the salvage value.

Notes to the Basic Financial Statements <u>Year Ended June 30, 2011</u>

NOTE 6. CONTRACT FIRE PROTECTION SERVICES - Continued

The CITY transferred title to its equipment and rolling stock to Central Fire District. Upon termination of the agreement, the CITY and the District shall have the option of repurchasing any and all equipment previously sold to Central Fire District. If Central Fire District no longer owns that same equipment, CITY and the District shall have the option of purchasing comparable or replacement equipment from Central Fire District. In both events, the price will be the sales price, plus the value of any upgrades or additional features, less any depreciation value. The Central Fire District will be responsible for providing and replacing new equipment at no cost to the CITY and the District.

Compensation: The Central Fire District will invoice the CITY and the District monthly, and payments shall be made within 15 days of receipt of the invoice. Payment is made by automatic transfer through the County of Santa Clara.

Each calendar year commencing on January 1, 2008, and each January thereafter the CITY and the District shall owe to County Fire the annual operating costs in the amount of \$7,606,000, subject to deductions of providing paramedic first responder service at a prorated basis, plus an increase to be determined as follows:

- A. The parties agree that annual increases in compensation to the Central Fire District for fire an emergency medical services costs shall be limited to the "arithmetic mean" (average) of the percent growth of the following three indices:
 - (1) The second most prior February to the February prior to the February immediately prior to the January being considered for increase, San Francisco-Oakland-San Jose, All Urban, All Items Consumer Price Index,
 - (2) The average annual cost of living increase in total compensation provided to firefighters of the Central Fire District following a calculation formula as stated in Exhibit F Calculation Formula of the Agreement; and
 - (3) The total Local Secured Values for the total parcels of the City of Los Altos and Los Altos Hills County Fire District as reported by the County of Santa Clara Controller's Office each July.
- B. If any index referenced in this Section has a negative growth, the value of the index (indices) will be zero for the purposes of computing the arithmetic mean for that fiscal year. If all three indices have negative growth, the percent increase will be zero. At no time will the annual base amount be reduced as a result of the formula described in this Section.
- C. The maximum increase that can be applied for the service period of January 1, 2011 through December 31, 2011 is 5%. The maximum increase that can be applied for any subsequent service period (calendar year) is 7%.

Notes to the Basic Financial Statements Year Ended June 30, 2011

NOTE 6. <u>CONTRACT FIRE PROTECTION SERVICES</u> - Continued

Actual amounts paid by the District were as follows:

| For the fiscal year ended June 30, | |
|------------------------------------|-------------|
| 2011 | \$4,422,982 |
| 2010 | 4,477,277 |
| 2009 | 3,448,843 |
| 2008 | 3,741,036 |
| 2007 | 2,793,049 |
| 2006 | 2,011,045 |
| 2005 | 1,980,807 |
| 2004 | 2,065,255 |
| 2003 | 1,912,236 |
| 2002 | 1,889,480 |
| 2001 | 1,764,268 |
| | |

In addition to the above services, the District will purchase, on occasion, emergency equipment with titles typically reverting to Santa Clara County Fire Department.

NOTE 7. OTHER CONTRACTED SERVICES

A. Consulting Services

Stuart Farwell has been a Fire Consultant to the District since July 29, 1997. His latest agreement was approved on March 23, 2004. Mr. Farwell assists with all of the water main and hydrant projects in the District as well as overseeing the brush chipping program and other programs as directed by the Board.

Jeanne Evilsizer is the District Clerk and entered into a consulting agreement with the District on July 22, 2003. Her services include preparing the monthly packets, preparing the monthly invoices and taking the minutes of the monthly meetings. She also performs various other clerical duties.

Sandy Sloan is the District's Legal Counsel. She is with the firm Jorgenson, Siegel, McClure and Flegel in Menlo Park.

Notes to the Basic Financial Statements Year Ended June 30, 2011

NOTE 7. OTHER CONTRACTED SERVICES - Continued

B. Pakpour Consulting Group, Inc. - Services Pertaining to Installations and Upgrades of Hydrants and Water Mains

On May 18, 2004, the District entered into an agreement with Pakpour Consulting Group, Inc., to provide plans and specifications for the installations and possible upgrades of fire hydrant and water mains within the District. The District's costs for fiscal year 2010-2011 amounted to about \$184,551.

C. Purissima Hills Water District and California Water Service - Joint Fire Hydrant/Water Mains Upgrade Project

The District enters into an agreement with the Purissima Hills Water District and California Water Service to jointly procure design, engineering and construction services for a Joint Fire Hydrant/Water Mains Upgrade Project. For the fiscal year 2010-2011, the District's expenditures amounted to \$1,038,061 for both Purissima Hills Water district and California Water Service.

D. Green Waste Recovery

In October 2008, the District began using the services of Green Waste Recovery for the Yard Waste Program at Foothill College. This free program allows residents to reduce fuel loads on their property and dispose of the cuttings monthly at Foothill College. The District's costs for FY 2010/2011 amounted to about \$38,034.

E. S.P. McClenahan, Co. Inc.

The District contracts with S.P. McClenahan Co., Inc. for on site "chipping" services for District residents' excess fuel loads from their properties. The District's total costs for this project in fiscal year 2010-2011 amounted to about \$1,932,038.

Notes to the Basic Financial Statements <u>Year Ended June 30, 2011</u>

NOTE 8. NOTE RECEIVABLE TO PURISSIMA HILLS WATER DISTRICT

The Los Altos Hills County Fire District transferred funds in the amount of \$2,000,000 to Purissima Hills Water District ("Purissima") in accordance with the agreement for the Zone 2-1/2 Phase II Project by Resolution signed July 24, 2007.

Purissima is to repay the debt to the District over a five (5) year period in ten (10) equal payments of \$200,000 each, within 15 days of the quarter ending June 30 and September 30 starting after Purissima receives the funds from the District. Purissama received those funds on March 11, 2011 via a wire transfer from the County of Santa Clara. Purissima will pay interest on the then current debt balance within 30 days of the quarter ending on December 31, March 31, June 30, and September 30 of each year the debt remains outstanding. The interest payments will be determined by interest rate of the California Local Agency Investment Fund (LAIF) each quarter.

As of June 30, 2011, the balance of loan receivable is \$1,600,000.

NOTE 9. PROPOSITION 1A BORROWING BY THE STATE OF CALIFORNIA

Under the provisions of Proposition 1A and as part of the 2010-10 budget package passed by the California state legislature on July 28, 2010, the State of California borrowed 8% of the amount of property tax revenue, including those property taxes associated with the in-lieu motor vehicle license fee, the triple flip in lieu sales tax, and supplemental property tax, apportioned to cities, counties and special districts (excluding redevelopment agencies). The state is required to repay this borrowing plus interest by June 30, 2013. After repayment of this initial borrowing, the California legislature may consider only one additional borrowing within a ten-year period. The amount of this borrowing pertaining to the Los Altos Hill County Fire District was \$557,890.

This borrowing by the State of California was recognized as a receivable in the accompanying financial statements. Under the modified accrual basis of accounting, the borrowed tax revenues are not permitted to be recognized as revenue in the governmental fund financial statements until the tax revenues are received from the State of California (expected to be fiscal year 2012-13). In the government-wide financial statements, the tax revenues were recognized in the fiscal year for which they were levied (fiscal year 2009-10).

Other Matters Based on an Audit of Basic
Financial Statements Performed in Accordance
With Government Auditing Standards

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners of Los Altos Hills County Fire District Los Altos, California

We have audited the accompanying financial statements of the governmental activities and major fund of Los Altos Hills County Fire District (the "District"), a component unit of the County of Santa Clara, as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated August 15, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such as that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed necessarily identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Commissioners, other within the entity, the County of Santa Clara, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
